

Organization: **Posttheater** | Amount: approx. 1 á 2 evenings

The Posttheater is centrally located in Arnhem, behind the Velperpoort station. The cabaret stage of the East where all well-known comedians such as Patrick Laureij, Guido Weijers, Van der Laan & Woe and young talents like to perform. With more than five performances every week, we're always hosting a fun and cheerful audience.

As a theater hospitality employee, you are the business card of the Posttheater. You enjoy providing our theatergoers with the best possible service.

What can we offer you besides working in the best stage in Arnhem?

You will work in a pleasant working environment with an informal working atmosphere in a small and close-knit team. This job includes varied work; you are mainly concerned with serving drinks during the performance evenings, but you also take care of complete events. You carry out preparatory work and keep work areas such as the Foyer, bar and kitchen clean. Of course you will be scheduled well in advance and there is the possibility to see fun performances. Who would not want that?

Do you have an affinity with the hospitality industry and do you like to work in a cultural environment? Then come and strengthen us! We are immediately looking for a new colleague.

We demand a high degree of independence, a motivated professional attitude, but also self-evident customer-friendliness from our (regular) theater visitors. Horeca experience is not required, we will quickly teach you the tricks of the trade. You always work the first shifts with another catering employee before you work evenings independently. We do ask for broad availability on Friday and Saturday evenings. If you are also available during the day for rentals, you are the ideal candidate. Our theater season runs from the end of August to the beginning of July, the theater is closed during the Christmas and summer holidays.
